Astrid Berg, Ph.D., is a published author of educational books and materials. She was granted a PhD in East-West Psychology from the California Institute of Integral Studies. She has 20 years of teaching and counseling experience and ten years dissertation and book coaching/editing experience.

Astrid's editing comments are astute and insightful, but her understanding of the writing process and counseling skills place her in a category by herself. I am grateful for her talent and working with her has erased all doubt about engaging an editor. Simply invaluable to this process. Joy Policar, PhD - Institute of Imaginal Studies
